Eye-catching design, great feel, high durability, wide selection and a multi-colored accessory program for the existing Collet-Knobs

Push on Knobs (black) - two color in soft and hard touch

6mm shaft Ø
4.5mm flat size
Specify orientation
of pointer to flat

Line positioning for
flattet shafts

Soft (black), 16mm diameter, type K65

Degree pointer to flat	Line color, white	Line color, blue
0 degree	K65-DRNP12000-03	K65-DRNP12000-05
90 degree	K65-DRNP12090-03	K65-DRNP12090-05
180 degree	K65-DRNP12180-03	K65-DRNP12180-05
270 degree	K65-DRNP12270-03	K65-DRNP12270-05

- Line color red, yellow, green on request
- Material: 1st shot: talc filled Polypropylene, 2nd shot: thermoplastic Elastomer
- Operating temperature: -30°C to +50°C

Hard (black), 16mm diameter, type K66

Degree pointer to flat	Line color, white	Line color, blue
0 degree	K66-DRNP12000-03	K66-DRNP12000-05
90 degree	K66-DRNP12090-03	K66-DRNP12090-05
180 degree	K66-DRNP12180-03	K66-DRNP12180-05
270 degree	K66-DRNP12270-03	K66-DRNP12270-05

- Line color red, yellow, green on request
- Material: talc filled Polypropylene
- Operating temperature: -30°C to +50°C

Two shot soft touch collet knobs (all black)

15mm diameter type K60

Shaft diameter	without line	with white line
4mm	K60-S150-004	K60-S151-004
6mm	K60-S150-006	K60-S151-006
1/4 "	K60-S150-250	K60-S151-250

Fixing tools (for collet knobs 15mm) type K51

only for 15mm diameter	K51-1000-00
------------------------	-------------

21mm diameter type K60

Shaft diameter	without line	with white line
4mm	K60-S210-004	K60-S211-004
6mm	K60-S210-006	K60-S211-006
1/4 "	K60-S210-250	K60-S211-250

(no special fixing tool needed)

- Material: 1st shot: talc filled Polypropylene, 2nd shot: thermoplastic Elastomer
- Operating temperature: -30°C to +50°C

Push on knobs

6mm shaft Ø
4.5mm flat size

Specify orientation
of pointer to flat

15mm diameter, without line, with D-shaft type K55

Shaft diameter/ Flat size	with compression ring	without compression ring
6mm / 4,5mm	K55-DC150-006	K55-DR150-006

- Material: Nylon 6
- Operating temperature: -30°C to +50°C

Caps

type K51

Knob diameter	without line	with white line	with white spot
15mm black	K51-C150-01	K51-C151-01	K51-C152-01
15mm grey	K51-C150-02	K51-C151-02	K51-C152-02
21mm black	K51-C210-01	K51-C211-01	K51-C212-01
21mm grey	K51-C210-02	K51-C211-02	K51-C212-02

- red, blue, yellow or green color, on request
- Material: Nylon 6
- Operating temperature: -30°C to +50°C
